

Korean Air – Skypass

Overview of Reward Availability		
Reward ranking:	#8 (total availability is 84%) Economy #6 (total availability is 67%) Business	City Pairs Queried
Reward level queried:	<ul style="list-style-type: none"> Economy reward. Business reward. 	<p style="text-align: center;">251 - 2,500 Miles (10 total)</p> <p style="text-align: center;"> <u>GMP</u> <u>CJU</u> HKG ICN BKK ICN GMP HND FUK ICN ICN KIX ICN NRT HAN ICN PVG ICN SGN ICN </p> <p style="text-align: center;"><i>First market underlined is intra-Korea; others are international</i></p> <p style="text-align: center;">2,500 + Miles (10 total)</p> <p style="text-align: center;"> ICN LAX ICN JFK ICN SIN ICN SFO CDG ICN HNL ICN ATL ICN ICN LHR DPS ICN FRA ICN </p>
Summary of reward structure:	<ul style="list-style-type: none"> One single reward level is available in economy, business (Prestige), and first class. Reward prices vary by travel season with peak and off-peak levels. One way rewards are 50% of the roundtrip price. 	
Airline partners observed at online booking engine:	Air France, Alitalia, China Eastern, China, Czech, Delta, Garuda Indonesia, KLM, Vietnam, and Xiamen	
Alliance:	SkyTeam Alliance	
Date queries made:	March 2019	
Pay with points/miles (same as cash)	None offered.	
Key non-air redemption opportunities:	See note below.	
Search conditions:	None selected.	
Observations:	<ul style="list-style-type: none"> The airline assesses a fuel surcharge for reward travel, but it is not separated from the tax amount. Members may redeem for accommodations at 5 hotels (Korea and USA), Seoul airport shuttle, car rental (Jeju only), and airport coat storage. Miles may also be redeemed to pay excess baggage fees and for admission to Korean Air operated lounge locations. The Family Plan allows up to 5 family members to pool their miles for reward redemption. Members of the Morning Calm Premium Club (top elite tier) qualify for off-peak mileage redemption for award travel during peak season. Booking site is very slow to respond. The booking result displays how many reward seats remain in inventory. 	

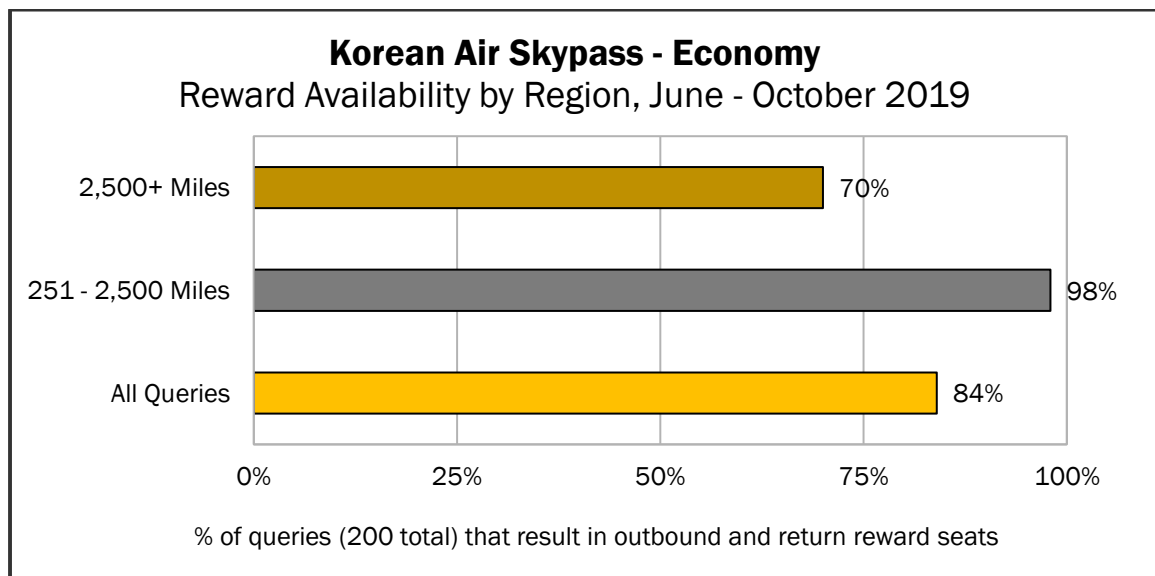

Korean Air – 2

Economy Rewards

Overall Reward Seat Results. The results from each booking query were analyzed to determine flight availability based upon the number of flights offered.

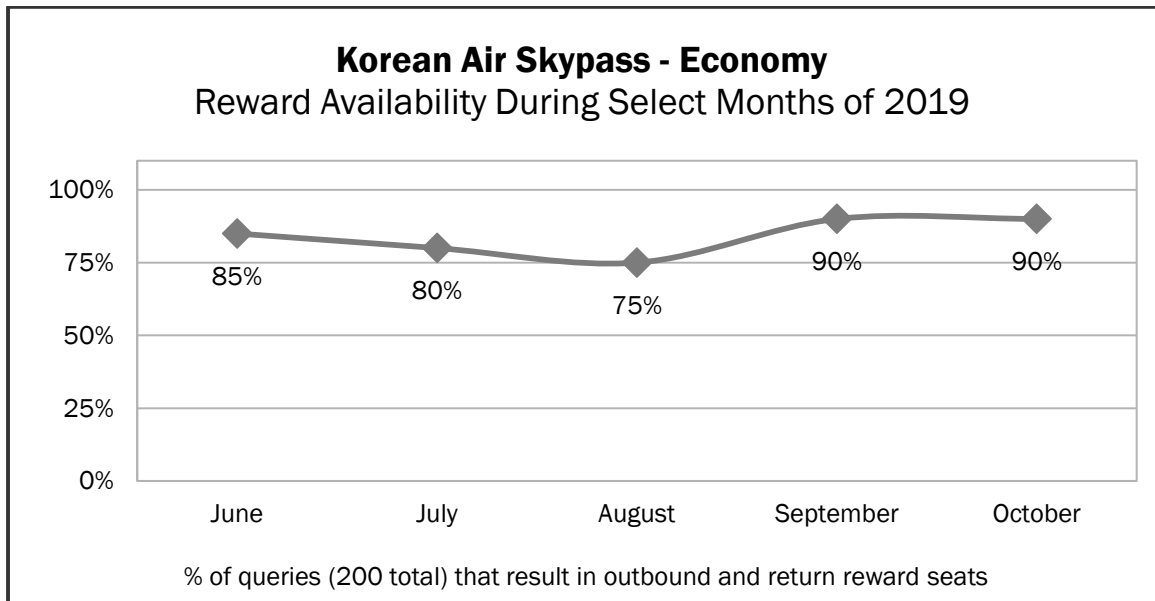

Reward Availability by Region. This graph displays the reward queries grouped by geographic region and length of flight. 50% of the queries were 251 - 2,500 mile city pairs and 50% were for city pairs at 2,500 miles or more.

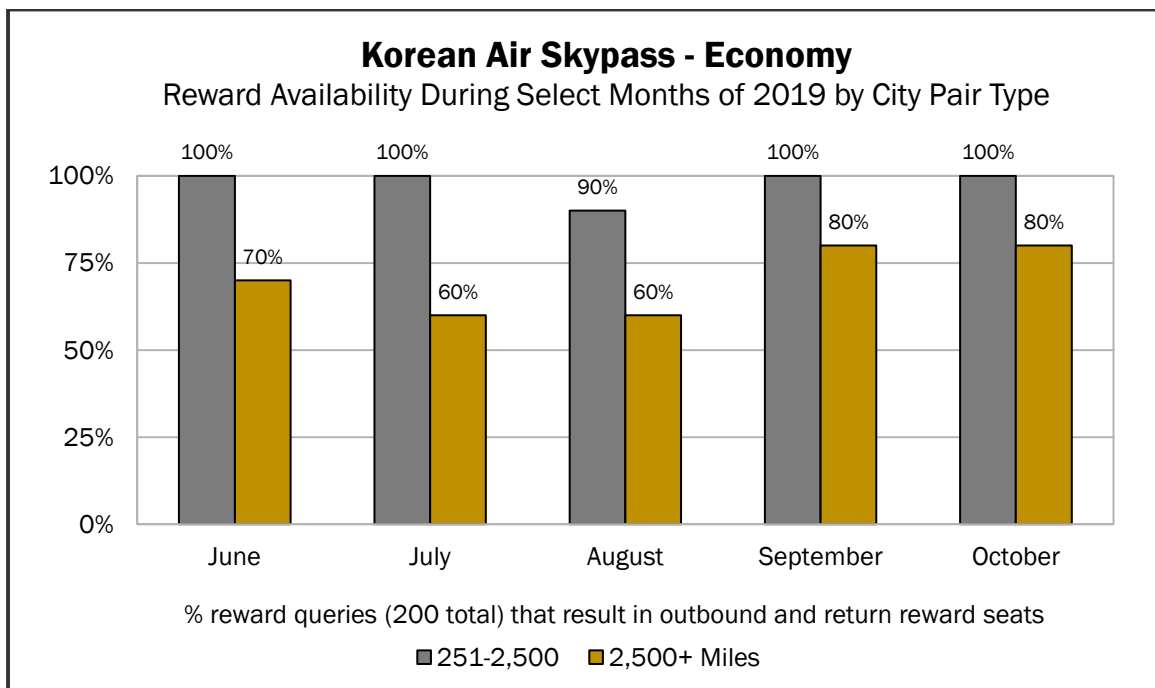

Korean Air – 3

Reward Availability During Select Months. This graph displays the reward queries grouped by departure month. June represents seat availability with a 3 month booking window, as queries were made March 2019. October statistics provide longer term results with a 6 – 7 month booking window.

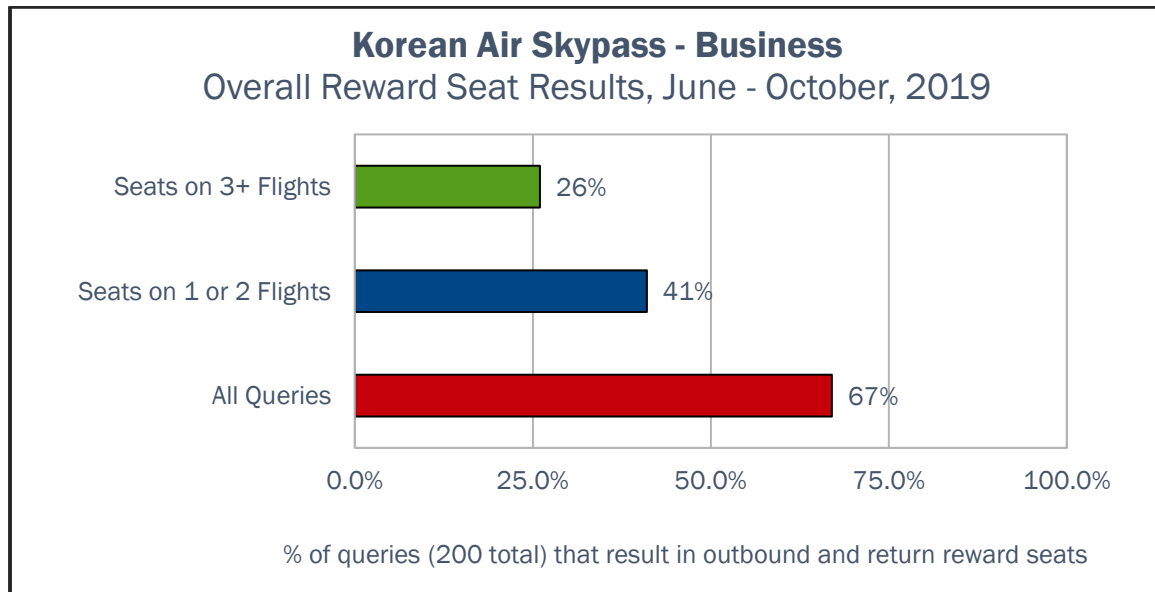

Reward Availability by City Pair Type. This graph displays the reward queries grouped by departure month and city pair type.

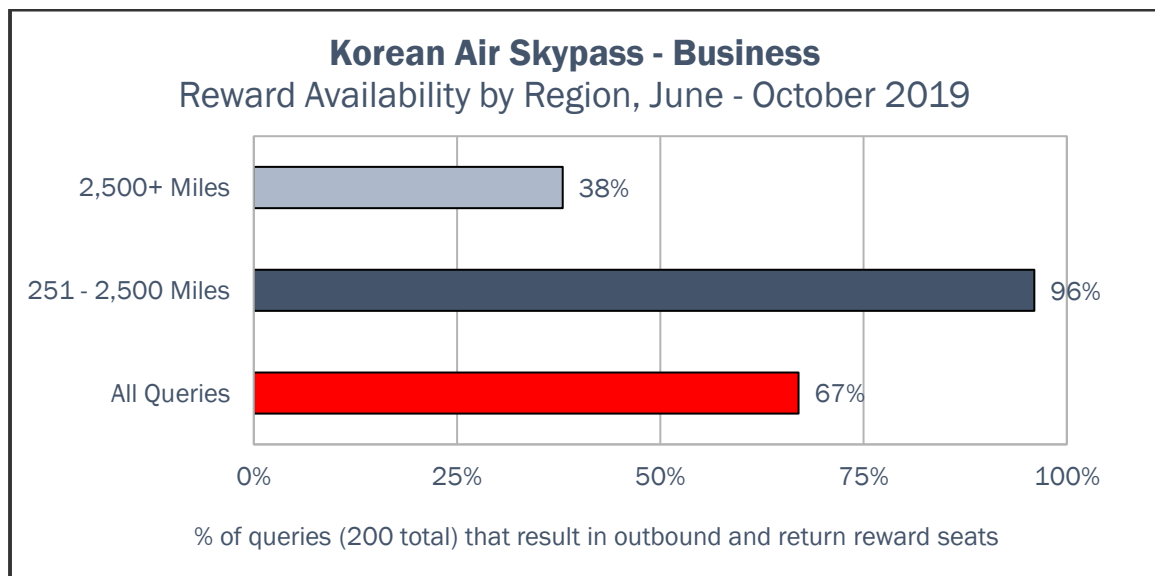

Korean Air – 3

Business Rewards

Overall Reward Seat Results. The results from each booking query were analyzed to determine flight availability based upon the number of flights offered.

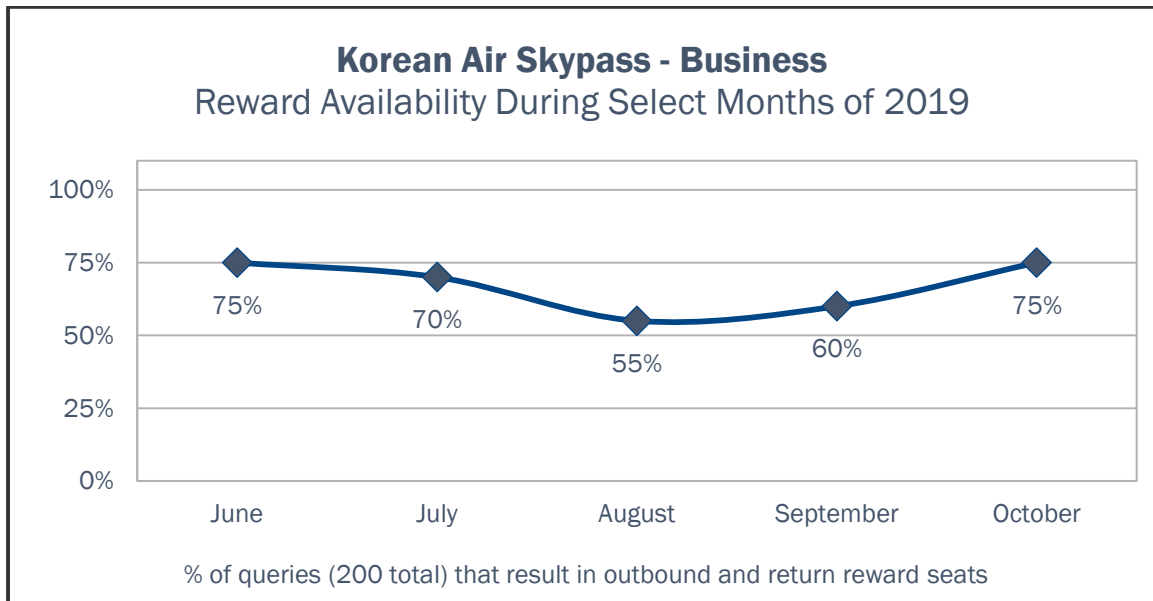

Reward Availability by Region. This graph displays the reward queries grouped by geographic region and length of flight. 50% of the queries were 251 - 2,500 mile city pairs and 50% were for city pairs at 2,500 miles or more.

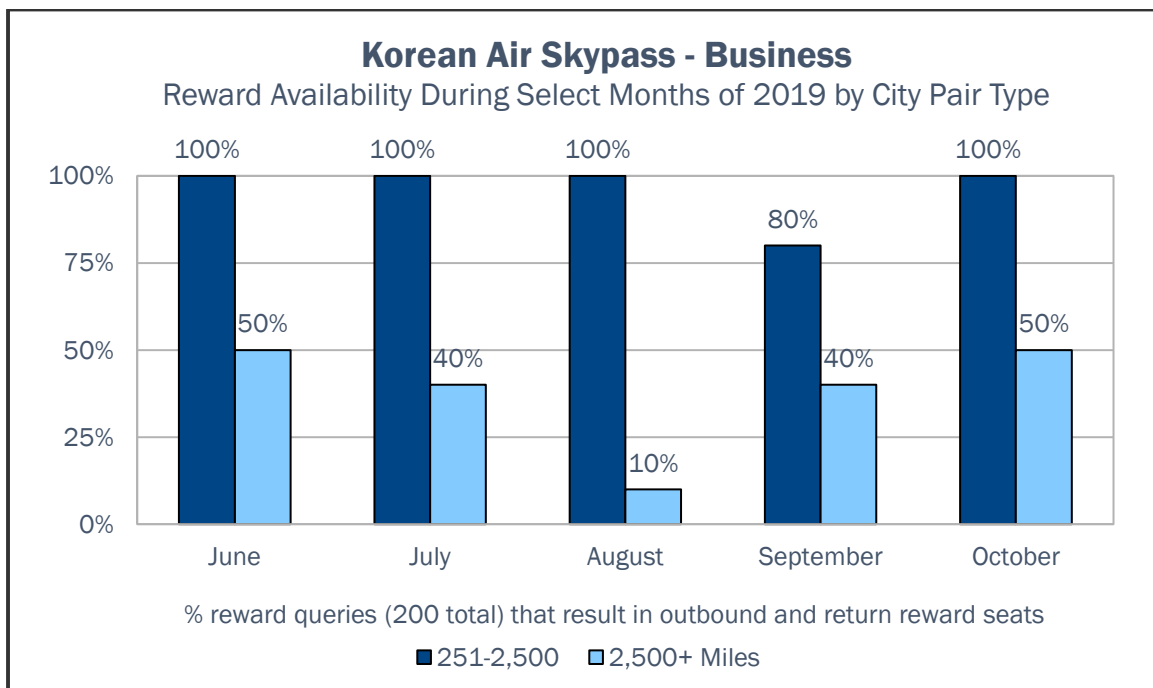

Korean Air – 4

Business Reward Availability During Select Months. This graph displays the reward queries grouped by departure month. June represents seat availability with a 3 month booking window, as queries were made March 2019. October statistics provide longer term results with a 6 – 7 month booking window.
